EDUCATION

Bachelor's in Computer Engineering

- Pacific School of Engineering | Surat
2022 - Pursuing

12th Science

- M.N.J patel madhyamik shala
70.00% | 2022

PROJECTS

Online Doctor Appointment Booking System | 2024

- Designed and implemented a user-friendly platform for booking doctor appointments online.
- Included features like appointment scheduling, doctor availability tracking, and patient records management.

Smart Park AI | 2025

- Developed an AI-based system to automate vehicle detection and parking management using license plate recognition. Built backend logic to calculate charges and maintain logs in real-time.

LANGUAGES

- English : Intermediate
- Hindi : Fluent
- Gujarati : Native

PROFILE

Motivated and detail-focused Computer Engineering student currently pursuing a Bachelor's degree at Pacific School of Engineering. Passionate about programming, Artificial Intelligence, Machine Learning, and Deep Learning, with practical experience gained through the SAP Code Unnati Program. Skilled in problem-solving and eager to leverage technical expertise to tackle real-world challenges and drive innovation.

TECHNICAL SKILLS

- Programing Languages : C, Java, Python, HTML, CSS , JavaScript
- Databases : MySQL
- Development Tools : VS Code, GitHub, Anaconda Navigator
- Internet of Things : Raspberry Pi

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

CERTIFICATE

SAP Certification Course | 2025

Code Unnati Program | Edunet Foundation

- Focused on Machine Learning, Artificial Intelligence, and Deep Learning.

Code Unnati Innovation Marathon - Finalist

Edunet Foundation| 2025

- Reached the final round among 110 teams across 3 states with Smart Park AI, an ANPR- based Smart Parking System using Python and OpenCV.
